I. HIGHLIGHTS/ SUMMARY OF THE SCHEME

Indiabulls Blue Chip Fund

Type of Scheme- Large Cap Fund- An open ended equity scheme predominantly investing in large cap stocks.

Investment objective-

The primary investment objective of the Scheme is to seek to provide long-term capital appreciation from a portfolio that is invested predominantly in equity and equity-related securities of blue-chip large-cap companies.

However there can be no assurance that the investment objective of the scheme will be achieved.

Plans/ Options

Plans: The Scheme offers following two plans for investment into the Scheme:

A. Direct Plan: This Plan is suitable for investors who wish to invest directly in the scheme without routing their investment through any distributor. The Direct Plan shall have lower expense ratio compared to the Regular Plan and no commission shall be paid out of the Direct Plan.

B. Regular Plan: This Plan is suitable for investors who wish to invest in the Scheme through any distributor. This Plan shall have higher expense ratio compared to the Direct Plan and distributor commission may be paid out of this Plan.

The Direct Plan and Regular Plan shall have separate NAVs. However, there will be a common portfolio for both plans. The various options available under the Direct Plan and Regular Plan and the salient features common to both plans are given below:

Uniform disclosure on treatment of applications under "Direct"/ "Regular" Plans:

Scenario	Broker Code mentioned by the investor	Plan mentioned by the investor	Default Plan to be captured
1	Not mentioned	Not mentioned	Direct Plan
2	Not mentioned	Direct	Direct Plan
3	Not mentioned	Regular	Direct Plan
4	Mentioned	Direct	Direct Plan
5	Direct	Not Mentioned	Direct Plan
6	Direct	Regular	Direct Plan
7	Mentioned	Regular	Regular Plan
8	Mentioned	Not Mentioned	Regular Plan

In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application shall be processed under Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/ distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.

Options: The Scheme has the following Options across a common portfolio:

Growth Option: This option is suitable for investors who are not looking for current income but who invest only with the intention of capital appreciation. However, there can be no assurance of the capital appreciation.

Dividend Option: This option is suitable for investors seeking income through dividend declared by the Scheme. Under this Option, the Scheme will endeavour to declare dividends from time to time. The dividend shall be dependent on the availability of distributable surplus.

The Dividend option has the following facilities:

- Dividend Re-investment Facility
- Dividend Pay-out Facility

In cases where the investor fails to opt for a particular Option at the time of investment, the default Option will be Growth. If the investor chooses Dividend Option and fails to mention facility then the default facility will be Reinvestment.

Introduction of New Dividend Option w.e.f March 01, 2017:

Loads

Entry : Not Applicable

Exit: 1% if redeemed/ switched out within one year from the date of allotment.

Nil - if redeemed/ switched out after one year from the date of allotment

SEBI vide its circular no. SEBI/IMD/CIR No. 4/ 168230/09 dated June 30, 2009 has decided that there shall be no entry Load for all Mutual Fund Schemes. The upfront commission on investment made by the investor, if any, shall be paid to the ARN Holder (AMFI registered Distributor) directly by the investor, based on the investor's assessment of various factors including service rendered by the ARN Holder.

For further details on Load Structure, refer to the section on 'Load Structure' in this document.

Transaction Charges

In accordance with SEBI Circular No. Cir/IMD/DF/13/2011 dated August 22, 2011, the distributor (**who has opted in based on type of product**) would be allowed to charge the existing investor a sum of Rs. 100 per subscription of Rs 10,000 and above as transaction charge and Rs. 150 to the first time investor.

No charge can be made for investments below Rs. 10,000. The transaction charge (Rs100/ Rs150) if any, will be deducted by the AMC from the subscription amount and paid to the distributor; and the balance amount will be invested in the Scheme. Thus units will be allotted against the net investment.

There would be no transaction charge on

- (a) transactions other than purchases/ subscriptions relating to new inflows, &
- (b) direct transactions with the Mutual Fund.

The transaction charges are in addition to the existing commission permissible to the distributors.

In case of SIPs, the transaction charge shall be applicable only if the total commitment through SIPs amounts to Rs.10,000/- and above. In such cases the transaction charge shall be recovered in 3 instalments.

For Risk Factors please refer to paragraph on "Risk Factors" in this document.

Liquidity

Units may be purchased or redeemed at NAV related prices, subject to applicable Loads (if any), on every Business Day on an ongoing basis, commencing not later than 5 (five) Business Days from the date of allotment.

The Mutual Fund will endeavor to dispatch Redemption proceeds within 10 Business Days from the date of acceptance of Redemption request.

Transparency/NAV Disclosure

The AMC will calculate the NAVs for all the Business Days. The NAV of the Scheme shall be published at least in two daily newspapers for all Business Days (alongwith sale and repurchase prices). The Asset Management Company ("AMC") shall update the NAVs on the website of Association of Mutual Funds in India ("AMFI") (www.amfiindia.com) by 9.00 p.m. every Business Day. The NAV shall also be available on AMC website (www.indiabullsamc.com). If the NAVs are not available before the commencement of business hours on the following day due to any reason, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAV.

The Mutual Fund/AMC shall disclose portfolio of the scheme as on the last day of the month on its website www.indiabullsamc.com and on the website of the AMFI on or before the 10th day of the succeeding month.

The Mutual Fund and AMC shall publish the Scheme Portfolio within one month from the close of each half year (i.e. 31st March and 30th September), by way of an advertisement & also disclosing the hosting of Unaudited Scheme Financial Results at least, in one National English daily and one regional newspaper in the language of the region where the head office of the Mutual Fund is located.

It will also be displayed on the website of the AMC (www.indiabullsamc.com) and AMFI (www.amfiindia.com). The Mutual Fund and AMC will make available the Annual Report of the Scheme within four months of the end of the financial year.

II. INTRODUCTION

A. Risk Factors

i. Standard Risk Factors

- 1) Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- 2) As the price/ value/ interest rate of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down. As with any investment in stocks, shares and securities, the NAV of the Units under the Scheme can go up or down, depending on the factors and forces affecting the capital markets
- 3) Past performance of the Sponsor/ AMC/ Mutual Fund does not guarantee future performance of the Scheme.
- 4) The name of the Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- 5) The sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 50,000 made by it towards setting up the Fund.
- 6) The Scheme is not a guaranteed or assured return Scheme.

ii. Scheme Specific Risk Factors & Special Considerations

1. Indiabulls Blue Chip Fund is an open ended equity fund investing in Blue Chip – Large Cap companies by market capitalization and thus will carry less risk as compared to a mid cap / thematic equity fund. The underlying companies will be more liquid and also the access to information for these companies is very high as the Institutional ownership in these companies is generally large.
2. The value of the Scheme's investments may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments. Consequently, the NAV of the Units of the Scheme may fluctuate and can go up or down.
3. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities.
4. As the liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for the redemption of units may be significant in the event of a high number of redemption requests or a restructuring of the Scheme. In view of the above, the Trustees have a right in its sole discretion, to limit redemptions under certain circumstances as described under the section titled Right to Limit Redemptions.
5. Investment decisions made by the AMC may not always be profitable.
6. The tax benefits available under the scheme are as available under the present taxation laws and subject to relevant conditions. The information given is included for general purposes only and is based on advice that the AMC has received regarding the law and the practice that is currently in force in India and the investors and the Unitholders should be aware that the relevant fiscal rules and their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Investor / Unitholder is advised to consult his/her own professional tax advisor.
7. In case of investments in derivative instruments like index futures, the risk/ reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future. Further, there could be an element of settlement risk, which could be different from the

- risk in settling physical shares and there is a risk attached to the liquidity and the depth of the index futures market as it is relatively a new market.
8. Indiabulls Blue Chip Fund may generate returns which are not in line with the performance of the NIFTY 50 TRI and may arise from a variety of factors including but not limited to:-
- The fund will deploy 0-20% of the net assets by investing in securities other than Large Cap companies in percentages as decided by the investment team from time to time. This will result in the performance of the fund being at variance with the NIFTY 50 TRI. Also these scrips will normally carry higher risk than Large cap companies
 - Transaction and other expenses, such as but not limited to brokerage, custody, trustee and asset management fees.
 - Being an open-ended scheme, the scheme may hold appropriate levels of cash or cash equivalents to meet ongoing redemptions

Risk associated with investments in Debt Instruments

Interest-Rate Risk: Fixed income securities such as government bonds, corporate bonds, Money Market Instruments and Derivatives run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices depends upon the coupon and maturity of the security. It also depends upon the yield level at which the security is being traded.

Re-investment Risk: Investments in fixed income securities carry re-investment risk as interest rates prevailing on the coupon payment or maturity dates may differ from the original coupon of the bond.

Basis Risk: The underlying benchmark of a floating rate security or a swap might become less active or may cease to exist and thus may not be able to capture the exact interest rate movements, leading to loss of value of the portfolio.

Spread Risk: In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. In the life of the security this spread may move adversely leading to loss in value of the portfolio. The yield of the underlying benchmark might not change, but the spread of the security over the underlying benchmark might increase leading to loss in value of the security.

Liquidity Risk: The liquidity of a bond may change, depending on market conditions leading to changes in the liquidity premium attached to the price of the bond. At the time of selling the security, the security can become illiquid, leading to loss in value of the portfolio.

Credit Risk: This is the risk associated with the issuer of a debenture/bond or a Money Market Instrument defaulting on coupon payments or in paying back the principal amount on maturity. Even when there is no default, the price of a security may change with expected changes in the credit rating of the issuer. It is to be noted here that a Government Security is a sovereign security and is the safest. Corporate bonds carry a higher amount of credit risk than Government Securities. Within corporate bonds also there are different levels of safety and a bond rated higher by a particular rating agency is safer than a bond rated lower by the same rating agency.

Liquidity Risk on account of unlisted securities: The liquidity and valuation of the Scheme investments due to their holdings of unlisted securities may be affected if they have to be sold prior to their target date of divestment. The unlisted security can go down in value before the divestment date and selling of these securities before the divestment date can lead to losses in the portfolio.

Settlement Risk: Fixed income securities run the risk of settlement which can adversely affect the ability of the fund house to swiftly execute trading strategies which can lead to adverse movements in NAV.

Risks associated with investments in derivatives:

- The Scheme may invest in derivative products in accordance with and to the extent permitted under the Regulations and by RBI. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Trading in derivatives carries a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount. Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have an impact on their value and consequently, on the NAV of the Units of the Scheme.
- The derivatives market in India is nascent and does not have the volumes that may be seen in other developed markets, which may result in volatility to the values.
- Investment in derivatives also requires the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. Even a small price movement in the underlying security could have an impact on their value and consequently, on the NAV of the Units of the Scheme.
- The Scheme may face execution risk, whereby the rates seen on the screen may not be the rate at which the ultimate execution of the derivative transaction takes place.
- The Scheme may find it difficult or impossible to execute derivative transactions in certain circumstances. For example, when there are insufficient bids or suspension of trading due to price limit or circuit breakers, the Scheme may face a liquidity issue.
- The options buyer's risk is limited to the premium paid, while the risk of an options writer is unlimited. However the gains of an options writer are limited to the premiums earned.
- The exchange may impose restrictions on exercise of options and may also restrict the exercise of options at certain times in specified circumstances and this could impact the value of the portfolio.
- The writer of a put option bears the risk of loss if the value of the underlying asset declines below the exercise price. The writer of a call option bears a risk of loss if the value of the underlying asset increases above the exercise price.
- Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.
- The Scheme bears a risk that it may not be able to correctly forecast future market trends or the value of assets, indices or other financial or economic factors in establishing derivative positions for the Scheme.
- The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets
- There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. The counter party may default on a transaction before settlement and therefore, the Scheme is compelled to negotiate with another counterparty at the then prevailing (possibly unfavourable) market price.
- Derivatives also carry a market liquidity risk where the derivatives cannot be sold (unwound) at prices that reflect the underlying assets, rates and indices.
- Where derivatives are used for hedging, such use may involve a basis risk where the instrument used as a hedge does not match the movement in the instrument/underlying asset being hedged. The risk may be inter-related also e.g. interest rate movements can affect equity prices, which could influence specific issuer/industry assets.
- Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor.
- Execution of investment strategies depends upon the ability of the fund manager(s) to identify such opportunities which may not be available at all times. Identification and execution of the strategies to be pursued by the fund manager(s) involve uncertainty and decision of fund manager(s) may not always be profitable. No assurance can be given that the fund manager(s) will be able to identify or execute such strategies.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

Risk associated with Securities Lending

- Securities Lending is a lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to the collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of corporate benefits accruing thereon.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme/ Plan shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme/ Plan(s). However, if such limit is breached during the NFO of the Scheme, the Fund will endeavor to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme/ Plan(s) does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme/ Plan(s) shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS

- Prospective investors should study this Scheme Information Document and Statement of Additional Information carefully in its entirety and should not construe the contents hereof as advice relating to legal, taxation, financial, investment or any other matters and are advised to consult their legal, tax, financial and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming Units, before making a decision to invest/redeem/hold Units.
- Neither this Scheme Information Document (“SID”), SAI nor the Units have been registered in any jurisdiction. The distribution of this Scheme Information Document or Statement of Additional Information in certain jurisdictions may be restricted or totally prohibited to registration requirements and accordingly, persons who come into possession of this Scheme Information Document or Statement of Additional Information are required to inform themselves about and to observe any such restrictions and/ or legal compliance requirements.
- The AMC, Trustee or the Mutual Fund have not authorized any person to issue any advertisement or to give any information or to make any representations, either oral or written, other than that contained in this Scheme Information Document or the Statement of Additional Information or as provided by the AMC in connection with this offering. Prospective Investors are advised not to rely upon any information or representation not incorporated in the Scheme Information Document or Statement of Additional Information or as provided by the AMC as having been authorized by the Mutual Fund, the AMC or the Trustee.
- Redemption due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any such tax consequences that may arise due to such Redemptions.

- The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise, in the event that the Scheme is wound up for the reasons and in the manner provided in Statement of Additional Information.
- The tax benefits described in this Scheme Information Document and Statement of Additional Information are as available under the present taxation laws and are available subject to relevant conditions. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India as on the date of this Scheme Information Document and the Unit holders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unit holder is advised to consult his / her own professional tax advisor.
- The Mutual Fund may disclose details of the investors account and transactions thereunder to those intermediaries whose stamp appears on the application form or who have been designated as such by the investor. In addition, the Mutual Fund may disclose such details to the bankers, as may be necessary for the purpose of effecting payments to the investor. The Fund may also disclose such details to regulatory and statutory authorities/bodies as may be required or necessary.
- The AMC is acting as the investment manager for Indiabulls AIF, which is formed as a trust and has received registration as a Category II Alternative Investment Fund from SEBI vide Registration No. IN/AIF2/14-15/0133. Till date, the Fund has launched three schemes namely, Indiabulls Real Estate Fund, Indiabulls High Yield Fund and Indiabulls Dual Advantage Commercial Asset Fund. The AMC is also registered as a Portfolio Manager with SEBI vide Registration No. INP000004938 and till date managing Discretionary and Advisory portfolio. The AMC will ensure that any potential conflicts between the AIF Fund, PMS Portfolio and the Mutual Fund will be adequately addressed by (a) compliance with the requirements under Regulation 24(b) of the SEBI (Mutual Funds) Regulations, 1996 which require that the AMC cannot undertake any activity which is in conflict with the activities of the mutual fund; (b) ensuring that the fund manager(s) of each scheme of the Mutual Fund, will not play any role in the day-to-day operations of the AIF Fund & PMS and the key investment team of the AIF Fund & PMS is not involved with the activities of the Mutual Fund; and (c) ensuring that there is no inter-se transfer of assets between the Mutual Fund and any scheme of the AIF Fund & PMS portfolio.
- The AMC may utilise the services of the sponsor or any of its associates or Indiabulls Ventures Ltd (Registered Stock Broker), for the purpose of any securities transaction and distribution and sale of securities. In such events, the brokerage or commission paid to the Sponsor or any of its associates or Indiabulls Ventures Ltd. shall be disclosed in the half-yearly annual accounts of the mutual fund.
- In case the AMC or its Sponsor or its Shareholders or their affiliates/associates or group companies make substantial investment, either directly or indirectly in the Scheme. Redemption of Units by these entities may have an adverse impact on the performance of the Scheme. This may also affect the ability of the other Unit holders to redeem their units.
- As the liquidity of the Scheme investments may sometimes be restricted by trading volumes and settlement periods, the time taken by the Fund for Redemption of Unit may be significant in the event of an inordinately large number of Redemption Requests or of a restructuring of the Scheme portfolio. In view of this, the Trustee has the right, in its sole discretion, to limit redemptions under certain circumstances - please refer to the paragraph "Right to Limit Redemptions in SAI".
- Pursuant to the provisions of Prevention of Money Laundering Act, 2002, if after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, on failure to provide required documentation, information, etc. by the Unit holder the AMC shall have absolute discretion to report

such suspicious transactions to FIU-IND (Financial Intelligence Unit – India) and / or to freeze the folios of the investor(s), reject any application(s)/redemptions / allotment of Units.

- The AMC is acting as the investment manager for Indiabulls AIF, which is formed as a trust and has received registration as a Category II Alternative Investment Fund from SEBI vide Registration No. IN/AIF2/14-15/0133. The Fund has launched its two schemes, Indiabulls Real Estate Fund and Indiabulls High Yield Fund. The AMC will ensure that any potential conflicts between the AIF Fund and the Mutual Fund will be adequately addressed by (a) compliance with the requirements under Regulation 24(b) of the SEBI (Mutual Funds) Regulations, 1996 which require that the AMC cannot undertake any activity which is in conflict with the activities of the mutual fund; (b) ensuring that the fund manager(s) of each scheme of the Mutual Fund, will not play any role in the day-to-day operations of the AIF Fund and the key investment team of the AIF Fund is not involved with the activities of the Mutual Fund; and (c) ensuring that there is no inter-se transfer of assets between the Mutual Fund and any scheme of the AIF Fund.

ANTI MONEY LAUNDERING AND KNOW YOUR CUSTOMER (KYC)

Pursuant to the provisions of Prevention of Money Laundering Act, 2002, if after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, on failure to provide required documentation, information, etc. by the Unit holder the AMC shall have absolute discretion to report such suspicious transactions to FIU-IND (Financial Intelligence Unit – India) and / or to freeze the folios of the investor(s), reject any application(s)/redemptions / allotment of Units.

- In terms of the Prevention of Money Laundering Act, 2002 (PMLA) the rules issued thereunder and the guidelines /Circulars issued by SEBI all the intermediaries including mutual funds are required to formulate and implement a client identification programme and to verify and maintain the record of identity and addresses of the investors.
- The AMC has entrusted the responsibility of collection of documents relating to identity and address and record keeping to all agencies currently engaged in KRA which have tied up with the AMC, which act as record keeping agencies. As a token of having verified the identity and address and for efficient retrieval of records, the agencies will issue KYC compliance letter to each investor who submits an application and prescribed documents to the respective agencies.
- As per AMFI Guidelines with effect from January 01, 2011 KYC formalities under the PMLA and related guidelines issued by SEBI must be completed by all the investors (including power of attorney and guardian in case of minor for individual investors intending to invest any amount in the units of the mutual funds .This one time verification is valid for transactions across all mutual funds .

SEBI vide circular no. MIRSD/SE/Cir-21/2011 dated October 5, 2011 had mandated (i) Standard KYC form with uniform KYC guidelines and supporting documents to be used by SEBI registered intermediaries and (ii) Centralized KYC registration through KYC Registration Agencies (KRAs) registered with SEBI, w.e.f. January 1, 2012, to bring about uniform KYC process in the securities market, based on SEBI prescribed norms and the KYC details are shared with all SEBI registered intermediaries by the KRAs.

Subsequently, SEBI, vide its circular no. MIRSD/Cir-5/2012 dated April 13, 2012 advised various intermediaries to upload KYC data of its existing customers into the KRA system. While uploading KYC data into the KRA system, intermediaries were also required to highlight such ‘Missing/Not Available’ KYC information of a customer, which was either not required or not taken previously, but was mandatory as per uniform KYC guidelines issued by SEBI.

In accordance with AMFI best practices guidelines circular no. 62/2015-16 dated September 18, 2015, it is mandatory for all new/existing investors to provide additional KYC information such as Income

details, Occupation, association with politically exposed person, net worth etc. as mentioned in the application form. Subscription requests, without providing these details, are liable to be rejected. No subscriptions (whether fresh or additional) and switches pertaining to 'KYC on-hold' cases are accepted, unless the investor / unitholder also submits relevant KYC missing / updated information, which is appropriately updated on the KRA - KYC. Further, it is mandatory for existing customers to complete In-Person Verification process and provide the missing KYC information failing which their applications / transaction requests for additional subscription (including switches) is liable to be rejected.

OPERATIONALISATION OF CENTRAL KYC RECORDS REGISTRY (CKYCR)

Central Registry of Securitisation and Asset Reconstruction and Security interest of India ('CERSAI') has been authorised by Government of India to act as Central KYC Records Registry under Prevention of Money-Laundering (Maintenance of Records) Rules, 2005 ('PMLA Rules').

SEBI vide its circular no. CIR/MIRSD/66/2016 dated July 21, 2016 and circular no. CIR/MIRSD/120/2016 dated November 10, 2016 has prescribed that the Mutual Fund/ AMC should capture KYC information for sharing with CKYCR as per the KYC template prescribed by CERSAI for uniform and smooth implementation of CKYC norms for onboarding of new investors in Mutual Funds with effect from February 1, 2017.

In accordance with the aforesaid SEBI circulars and AMFI best practice guidelines for implementation of CKYC norms with effect from February 1, 2017:

- a) Individual investors who have never done KYC process under KRA regime i.e. a new investor who is new to KRA system and whose KYC is not registered or verified in the KRA system shall be required to provide KYC details in the CKYC Form to the Mutual Fund/ AMC.
- b) Individual investor who fills old KRA KYC Form, should provide additional / missing information using Supplementary KYC Form or fill CKYC Form. The said form is available on Mutual Fund website www.indiabullsamc.com
- c) Details of investors shall be uploaded on the system of CKYCR and a 14 digit unique KYC identifier ('KIN') will be generated for such customer.
- d) New investors, who have completed CKYC process & have obtained KIN may quote their KIN in the application form instead of submitting CKYC Form/ Supplementary KYC Form.
- e) AMC/ Mutual Fund shall use the KIN of the investor to download the KYC information from CKYCR system and update its records.
- f) If the PAN of investor is not updated on CKYCR system, the investor should submit selfcertified copy of PAN card to the Mutual Fund/ AMC.

The AMC reserves the right to reject transaction application in case the investor(s) fails to submit information and/or documentation as mentioned above. In the event of non-compliance of KYC requirements, the Trustee / AMC reserves the right to freeze the folio of the investor(s).

ULTIMATE BENEFICIAL OWNERSHIP DETAILS:

SEBI vide its circular no. CIR/MIRSD/2/2013 dated January 24, 2013 further read with AMFI Best practices guidelines circular no. 62/2015-16 dated September 18, 2015 and other applicable regulations has prescribed guidelines, for identification of Beneficial Ownership to be followed by the intermediaries. A 'Beneficial owner' is defined as a natural person or persons who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted, and

includes a person who exercises ultimate effective control over a legal person or arrangement. In this regard, all categories of investors (including all new / existing investors / unitholders) (except individuals, companies listed on a stock exchange or majority-owned subsidiary of such companies) are mandatorily required to provide beneficial ownership details for all investments. Failing which, fund reserves the right to reject applications / subscription requests / additional subscription requests (including switches) / restrict further investments or seek additional information from investors who have not provided the requisite information on beneficial ownership. In the event of change in beneficial ownership, investors are requested to immediately update the details with the Fund/Registrar.

FOREIGN ACCOUNT TAX COMPLIANCE ACT ('FATCA') AND COMMON REPORTING STANDARDS (CRS) REQUIREMENTS:

FATCA is a United States of America ("U.S.") tax initiative that requires all financial institutions to report financial transactions of U.S. persons including entities in which U.S. persons hold a substantial ownership, etc. to the relevant tax authorities. It was introduced by the United States Department of Treasury and the US Internal Revenue Service ("IRS"), the purpose of FATCA is to encourage better tax compliance by preventing U.S. persons from using financial institutions outside U.S. to avoid U.S. taxation on their income and assets.

Further, similar to FATCA, G20 and OECD countries have developed CRS on Automatic Exchange of Information (AEOI). CRS requires the financial institutions of the source jurisdiction to collect and report information to their tax authorities about account holders "resident" in other countries.

The Indian Government signed an Inter-Governmental Agreement ("IGA") with the U.S. on July 9, 2015 to implement the FATCA in India. In addition, India also signed the OECD's Model Competent Authority Agreement for tax information sharing in accordance with multilateral Common Reporting Standard ("CRS") on June 3, 2015. India had committed to implement CRS and the same has been implemented from January 1, 2016. The Central Board of Direct Taxes has inserted Section 285BA of the Income Tax Act, 1961 along with Rules 114F to 114H (FATCA-CRS Rules), as part of the Income-tax Rules, 1962. These Rules require Indian financial institutions such as the Banks, Mutual Funds, etc. to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all our investors and counterparties. According to the FATCA-CRS Rules, financial institutions in India are required to report tax information about account holders that tax resident of U.S. and other foreign countries, to the CBDT/ Indian Government which will, in turn, will relay that information to the IRS and governments of other foreign countries.

These developments have resulted in compliance and reporting obligations on Financial Institutions like Indiabulls Mutual Fund. In relevant cases, information will have to be reported to tax authorities i.e. CBDT. Towards compliance, we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. Indiabulls Mutual Fund has taken appropriate measures in order to become FATCA and CRS compliant, with effect from the applicable date as per applicable laws / rules/ regulations. Indiabulls Mutual Fund may also have to comply with other similar laws as and when applicable.

SEBI issued its circular no. CIR/MIRSD/2/2015 dated August 26, 2015 inter alia advising intermediaries to take necessary steps to ensure compliance with the requirements specified in the rules and guidelines specified by the Government of India. AMFI also issued its best practices guidelines circular no. 63/2015-16 dated September 18, 2015 on this matter. The AMC and the Mutual Fund are required to adhere to various requirements inter alia including submission of various information / details relating to the investors in the schemes of the mutual fund, to authorities, as specified under the applicable laws.

Accordingly, the following aspects need to be adhered to:

- With effect from November 1, 2015 all investors will have to mandatorily provide the information and declarations pertaining to FATCA/CRS for all new accounts opened, failing which the application / transaction request shall be liable to be rejected.
- For all new accounts opened by investors, from September 1, 2015 till October 31, 2015, MFs need to obtain relevant FATCA declarations. These details / certification need to be obtained by December 31, 2015, particularly in cases where, after Indicia search, a positive match is found with any US indicia. If self-certification is not provided by an investor or the reasonableness of self-certification cannot be confirmed, the account is treated as reportable.
- For accounts opened between July 1, 2014 and August 31, 2015, the Government of India vide its press release dated April 11, 2017 has required that all efforts should be made by the AMC to obtain the self-certification from the investor. Further, in case self-certifications are not provided by unit holders till April 30, 2017, the folios would be blocked, which would mean that the AMC would prohibit the unit holder from effecting any transaction with respect to such folios. For pre-existing accounts (as on December 31, 2015 in case of CRS and June 30, 2014 in case of FATCA), specific investors above specified threshold limits would be required to provide self-certification forms.

Prospective investors and Unit holders will therefore be required to comply with the request of the Fund to furnish such information / documentation / declarations as and when deemed necessary by the Investment Manager in accordance with Applicable Laws. In case prospective investor / Unit holder fails to furnish the relevant information / documentation / declarations in accordance with Applicable Laws, the Fund reserves the right to reject the application or redeem the Units held directly or beneficially and may also require reporting of such accounts and/or levy of withholding tax on payments made to the Unit holders / investor and/or take any other action/s in accordance with Applicable Laws. FATCA-CRS provisions are relevant not only at on-boarding stage of Unit holders but also throughout the life cycle of investment with the Fund. Unit holders therefore should immediately intimate to the Fund/the Investment Manager, any change in their status with respect to any FATCA-CRS related information / documentation / declarations provided by them previously, including but not limited to any declarations provided in respect of residency of the Unit holders for tax purposes. Further, if the Fund and/or the Investment Manager is required by Applicable Laws, to provide information regarding the Fund and/or the unit holders / investors to any regulatory authority and/or the Fund Investments and/or income therefrom, and the Fund and/or the Investment Manager complies with such request in good faith, whether or not it was in fact enforceable, they shall not be liable to the Unit holders / investors or to any other party as a result of such compliance or in connection with such compliance.

Prospective investors / Unit holders should consult their own advisors to understand the implications of FATCA-CRS provisions/requirements. Please note that Indiabulls Mutual Fund will be unable to provide advice to any investor or counterparty about their tax status or FATCA/CRS classification relevant to their account. It is the responsibility of the investor or counterparty to ensure that they record their correct tax status / FATCA/ CRS classification. Investor/ counterparty may seek advice from their tax advisor in this regard. The onus to provide accurate, adequate and timely inputs in this regard would be that of the investor or counterparty. Any changes in earlier information provided must be intimated within 30 days of such change.

Investors are requested to provide all the necessary information / declarations to facilitate compliance, considering India's commitment to implement CRS and FATCA under the relevant international treaties.

The AMC reserves the right to change/modify the provisions mentioned above in response to any new regulatory development which may require to do so at a later date.

III. INFORMATION ABOUT THE SCHEME

A. TYPE OF THE SCHEME

Large Cap Fund- An open ended equity scheme predominantly investing in large cap stocks.

B. INVESTMENT OBJECTIVE OF THE SCHEME

The primary investment objective of the Scheme is to seek to provide long-term capital appreciation from a portfolio that is invested predominantly in equity and equity-related securities of blue-chip large-cap companies.

However, there can be no assurance that the investment objectives of the Scheme will be realized. The Scheme is not providing any assured or guaranteed returns.

C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Instruments	Indicative allocation (% of total assets) (Minimum - Maximum)	Risk Profile (High/ Medium/ Low)
Equity and equity related securities – Large-Cap Companies *	80% to 100%	High
Equity and equity related securities – Other Companies *	0% to 20%	High
Debt & Money market securities/instruments	0% to 20%	Low to Medium

*The Scheme may invest upto a maximum of 50% of its net assets in Derivatives

For the purposes of this scheme Blue Chip Large Cap Company is the 1st -100th company in terms of full market capitalization as per SEBI Circular No. SEBI/HO/IMD/DF3/CIR/P/2017/114 dated October 6, 2017

- The Scheme may use derivatives for such purposes as maybe permitted by the Regulations, including for the purpose of hedging and portfolio balancing, based on the opportunities available and subject to guidelines issued by SEBI from time to time. The Scheme may also use fixed income derivative instruments subject to the guidelines as maybe issued by SEBI and RBI and for such purposes as maybe permitted from time to time. Investments in Derivatives shall strictly be in compliance with SEBI Circular No. Cir/ IMD/ DF/ 11/ 2010 dated August 18, 2010.
- Total of investments in Equity, debt securities, money market instruments and gross notional exposure in derivatives shall not exceed 100% of the net assets of the scheme.
- The scheme shall not be investing in foreign equity and equity related securities.
- The scheme shall not be investing in Securitized Debt Instruments.
- If permitted by SEBI under Regulations/ guidelines, the Scheme may also engage in securities lending. The AMC shall comply with all reporting requirements and the Trustee shall carry out periodic review as required by SEBI guidelines. Securities lending means the lending of stock to another person or entity for a fixed period of time, at a negotiated compensation. The securities lent will be returned by the Borrower on expiry of the stipulated period.

The Investment Manager will apply the following limits, should it desire to engage in Securities lending:
 Not more than 20% of the net assets of the Scheme can generally be deployed in securities lending; and
 Not more than 5% of the net assets of the Scheme can generally be deployed in securities lending to any single counter party.

Changes in Asset Allocation Pattern

Subject to the SEBI Regulations, the asset allocation pattern indicated above may change for short term defensive considerations from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute. These proportions can vary depending upon the perception of the Investment Manager; the intention being at all times to seek to protect the interests of the Unitholders. The portfolio would be reviewed periodically to address any deviations from the aforementioned allocations inter alia due to market changes. The AMC may from time to time, for a short term, alter the asset composition on defensive consideration and may also invest the funds available in repos, bank deposits in accordance with the provisions of SEBI (Mutual Funds) Regulations, 1996 and the circulars issued by SEBI from time to time. The rebalancing of the portfolio in accordance with the asset allocation pattern indicated above shall be done within a period of 30 days.

Risk Mitigation

The asset allocation of the Scheme will be steadily monitored and it shall be ensured that investments are made in accordance with the scheme objective and within the regulatory and internal investment restrictions prescribed from time to time.

A detailed monitoring process has been designed to identify measure, monitor and manage portfolio risk. The aim is to have a structured mechanism towards risk management thereby maximising potential opportunities and minimizing the adverse effects of risk. Effective risk management is crucial for achieving optimum results. Adequate safeguards would be incorporated in the portfolio management process. The main instrument for reducing risk is through diversification across sectors/companies/ securities. The Fund Manager's job is to identify securities which offer higher returns with a lower level of risk. While identifying such securities, rigorous in-house evaluation would be carried out by the investment team. The front office system of the AMC has the capability of pre-investment monitoring of investment restrictions as per SEBI guidelines and various internal limits prescribed from time to time to facilitate pre-emptive monitoring. Further various risk management tools will be used for measuring and monitoring portfolio risks.

D. WHERE WILL THE SCHEME INVEST?

- (i) Subject to the Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:
1. Equity and equity related securities including convertible bonds and debentures and warrants carrying the right to obtain equity shares.
 2. Securities created and issued by the Central and State Governments and/or repos/reverse repos in such Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills)
 3. Securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills)
 4. Debt securities issued by domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee
 5. Corporate debt securities (of both public and private sector undertakings)
 6. Quasi-government bonds
 7. Securities issued by banks (both public and private sector) as permitted by SEBI from time to time and development financial institutions
 8. Money market instruments permitted by SEBI/RBI, having maturities of up to one year or in any alternative investment as may be provided by the RBI to meet the liquidity requirements.
 9. Certificate of Deposits (CDs)
 10. Commercial Paper (CPs)
 11. The non-convertible part of convertible securities
 12. Any other domestic fixed income securities
 13. Derivative instruments like Interest Rate Swaps, Forward Rate Agreements, Stock Futures, Index Futures, Stock options & Index options and such other derivative instruments permitted by SEBI.

14. ADRs / GDRs as permitted by Reserve Bank of India and Securities and Exchange Board of India Subject to the Regulations, the securities mentioned above could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of varying maturity. The securities may be acquired through New Fund Offerings (NFOs), secondary market operations, private placement, rights offers (including renunciation) or negotiated deals. The Scheme may also enter into repurchase and reverse repurchase obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.

(ii) Debt derivative instruments:

Interest Rate Swap - An Interest Rate Swap (IRS) is a financial contract between two parties exchanging or swapping a stream of interest payments for a notional principal amount on multiple occasions during a specified period. Typically, one party receives a predetermined fixed rate of interest while the other party, receives a floating rate, which is linked to a mutually agreed benchmark with provision for mutually agreed periodic resets. Such contracts generally involve exchange of a —fixed to floating or —floating to fixed rate of interest. Accordingly, on each payment date that occurs during the swap period, cash payments based on fixed/ floating and floating rates are made by the parties to one another.

Forward Rate Agreement - A Forward Rate Agreement (FRA) is a financial contract between two parties to exchange interest payments for a notional principal amount on settlement date, for a specified period from start date to maturity date. Accordingly, on the settlement date, cash payments based on contract (fixed) and the settlement rate, are made by the parties to one another. The settlement rate is the agreed benchmark/ reference rate prevailing on the settlement date.

Interest Rate Futures - A futures contract is a standardized, legally binding agreement to buy or sell a commodity or a financial instrument in a designated future month at a market determined price (the futures price) by the buyer and seller. The contracts are traded on a futures exchange. An Interest Rate Future is a futures contract with an interest bearing instrument as the underlying asset.

Characteristics of Interest Rate Futures

1. Obligation to buy or sell a bond at a future date
2. Standardized contract.
3. Exchange traded
4. Physical settlement
5. Daily mark to market

(iii) Investments in units of mutual fund schemes

The Scheme may invest in other schemes managed by the AMC or in the schemes of any other mutual funds in conformity with the investment objective of the Scheme and in terms of the prevailing SEBI (MF) Regulations.

(iv) Investment in Short Term Deposits

Pending deployment of funds as per the investment objective of the Scheme, the funds may be parked in short term deposits of Scheduled Commercial Banks, subject to guidelines and limits specified by SEBI.

The aforementioned securities may be acquired through Initial Public Offering (IPOs), secondary market, private placement, rights offers, negotiated deals. Further investments in debentures, bonds and other fixed income securities will be in instruments which have been assigned investment grade rating by the Credit Rating Agency.

Investment in unrated debt instruments shall be subject to complying with the provisions of the Regulations and within the limit as specified in Schedule VII to the Regulations.

The securities / instruments mentioned above and such other securities the Scheme is permitted to invest in could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of any maturity subject to investment limits specified elsewhere in this document.

The Fund Manager reserves the right to invest in such securities as may be permitted from time to time and which are in line with the investment objectives of the Scheme.

(v) Investment in Equity Derivatives

As part of the Fund Management process, the Trustee may permit the use of derivative instruments such as index futures, stock futures and options contracts, warrants, convertible securities, swap agreements, Forward Rate Agreement (FRA) or any other derivative instruments that are permissible or may be permissible in future under applicable regulations and such investments shall be in accordance with the investment objectives of the scheme.

Futures:

Futures are exchange-traded contracts to sell or buy financial instruments for future delivery at an agreed price. There is an agreement to buy or sell a specified quantity of financial instrument on a designated future date at a price agreed upon by the buyer and seller at the time of entering into a contract. To make trading possible, the exchange specifies certain standardized features of the contract. A futures contract involves an obligation on both the parties to fulfill the terms of the contract.

SEBI has permitted futures contracts on indices and individual stocks with maturity of 1 month, 2 months and 3 months on a rolling basis. The futures contracts are settled on last Thursday (or immediately preceding trading day if Thursday is a trading holiday) of each month. The final settlement price is the closing price of the underlying stock(s)/index.

Options:

Option is a contract which provides the buyer of the option (also called holder) the right, without the obligation, to buy or sell a specified asset at the agreed price on or upto a particular date. For acquiring this privilege, the buyer pays premium (fee) to the seller. The seller on the other hand has the obligation to buy or sell specified asset at the agreed price and for this obligation he receives premium. The premium is determined considering number of factors such as the market price of the underlying asset/security, number of days to expiry, risk free rate of return, strike price of the option and the volatility of the underlying asset. Option contracts are of two types viz:

Call Option - The option that gives the buyer the right but not the obligation to buy specified quantity of the underlying asset at the strike price is a call option. The buyer of the call option (known as the holder of call option) can call upon the seller of the option (writer of the option) and buy from him the underlying asset at the agreed price at any time on or before the expiry of the option.

The seller (writer of the option) on the other hand has the obligation to sell the underlying asset if the buyer of the call option decides to exercise his option to buy.

(vi) Short Selling Of Securities

If permitted by SEBI Regulations, the Scheme may engage in short selling of securities in accordance with the guidelines issued by SEBI. Short sale of securities means selling of securities without owning them. The AMC will comply with the guidelines issued by SEBI in this behalf, including reporting obligations and the Trustee will carry out the reviews required under said guidelines.

Engaging in short sale of securities is subject to risks related to fluctuations in market price, and settlement/ liquidity risks.

E. WHAT ARE THE INVESTMENT STRATEGIES?

Under normal market conditions, the Scheme would invest predominantly in a diversified portfolio constituting equity and equity related instruments of companies that the Fund Manager believes have sustainable business models, and potential for capital appreciation.

The corpus of the Scheme will be invested predominantly in blue chip – large cap stocks and/ or in exchange traded derivatives on the S&P CNX Nifty Index or such blue chip stocks. 0-20% of the net assets will be invested in securities other than blue chip large caps. A very small portion of the fund will be kept liquid. The Scheme may also use various derivatives and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unitholders' interest. Large Cap companies shall consist of investment universe which are within 1st-100th company in terms of full market capitalization. The fund shall adopt the list of stocks prepared by AMFI based on SEBI defined parameters. AMFI is mandated to update such list once in 6 months. The fund shall rebalance the portfolio (if required) in line with updated list, within a period of one month.

The investment environment, valuation parameters and other investment criteria will determine the allocation and the investment style. The Fund Manager would follow a top down approach to shortlist stocks for portfolio construction. Under the top down process the Fund Manager would look at the global and Indian economy and the domestic policy environment and stock valuations. This would result in identification of themes which have a potential to outperform. The final stock selection process would be a bottoms-up process wherein stocks from the short listed themes would be picked up based on valuations.

Under normal market conditions and depending on the Fund Manager's views, the assets of the Scheme would be invested across stocks that represent a broad range of sectors of the economy in order to ensure adequate portfolio diversification.

Corporate Action / Event Driven Strategies

a. Dividend Arbitrage

At the time of declaration of dividend, the stock futures / options market can provide a profitable opportunity. Generally, the stock prices decline by the dividend amount when the stock becomes ex-dividend.

b. Buy-Back / Open Offer Arbitrage

When the Company announces the buy-back or open offer of its own shares, there could be opportunities due to price differential in buyback price and traded price.

c. Merger

When the Company announces any merger, amalgamation, hive off, de-merger, etc, there could be opportunities due to price differential in the cash and the derivative market.

Derivative Strategies

A derivative is a financial instrument whose value depends on other, more basic, underlying variables like stock or commodity, any kind of economical index. A derivative is essentially a contract whose payoff depends on the behavior of some benchmark. The derivatives shall be marked-to-market by the Investment Manager at all times. Transactions in derivatives include a wide range of instruments, including, but not limited to futures, options, swaps, and interest rate swaps, forward rate agreements and any other instrument as may be permitted by SEBI/RBI from time to time.

Derivatives may be used for hedging and portfolio balancing purposes or such other purpose as may be permitted by SEBI/RBI from time to time, to seek to optimise performance in the Scheme and will be subject to applicable Regulations of SEBI/RBI from time to time. Trading is permitted only in exchange-traded derivatives. Derivative

markets in India are now fairly liquid with daily average volumes to the tune of Rs. 90000 – 100000 crore as compared to cash market volumes of Rs. 10000- 15000 crore

***Under extant SEBI Guidelines a Mutual Fund cannot write options. If and when SEBI permits writing options, Investment Manager shall utilize the same to enhance investor interest.**

Futures

Futures are contracts to buy or sell an asset on or before a future date at a price specified today. Futures can be cash settled or delivery settled. Currently, the transaction is netted at the end of the contract and the difference settled between the investor & the clearing house. Payoffs in futures are linear with reference to the underlying and the risk is basically directional. Buyers and sellers of futures carry equal risk.

In India, three futures of 1 month, 2 months, and 3 months are presently traded on BSE & NSE. These futures expire on the last working Thursday of the respective months. The futures are cash settled and there is no delivery of the underlying stock. The Profitability of the Index / Stock Future as compared to underlying individual securities / security will inter-alia depend on

- Carrying Cost
- Interest accrued on surplus funds
- Transaction Costs
- Cost associated with rolling over of the futures trade, if applicable
- Liquidity in the markets etc

Index Futures

Stock index futures are instruments designed to give exposure to the equity markets indices. The Stock Exchange, Mumbai (BSE) and The National Stock Exchange (NSE) have trading in index futures of 1, 2 and 3 month maturities. The pricing of an index future is the function of the underlying index, short term interest rates and market expectations. Index futures are cash settled, there is no delivery of the underlying stocks.

If a Scheme buys 100 futures contracts, each contract value is 50 times the futures index price. On purchase date, Spot index: 5400, Future price: 5425. If the exchange imposes a margin of 10%, the Investment Manager will be required to provide Rs.2,712,500 (i.e. $10\% * 5425 * 100 * 50$) by way of eligible securities and/or cash. The balance 90% can be parked in cash equivalents. If on the date of expiry - the S&P CNX Nifty Index closes at 5525, the net impact will be a profit of Rs. 500,000 for the Scheme ($(5525-5425) * 100 * 50$) plus the interest earned on the 90% deployed in cash equivalents. The profit or loss for the Scheme will be the difference between the closing price (which can be higher or lower than the purchase price) and the purchase price.

Strategies that employ index futures and their objectives:

(a) The fund has an existing equity portion invested in a basket of stocks. In case the fund manager has a view that the equity markets are headed downwards, the fund can then hedge the exposure to equity either fully or partially by initiating short positions in the Index futures.

(b) A similar position in the long direction can also be initiated by the fund to hedge its position of cash and permissible equivalents. Considering that Derivative market is more liquid than Cash market, fund manager can also use it to take exposure to equities and then build the cash market positions over time.

The extent to which this can be done is determined by guidelines issued by SEBI from time to time.

Risk associated with this strategy:

1. Lack of opportunities available in the market
2. Inability of the derivatives to correlate perfectly with underlying indices
3. Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

Stock Futures

A futures contract on a stock gives its owner the right and obligation to buy or sell stocks. Single stock futures traded on the BSE & NSE are cash settled, there is no delivery of the underlying stocks on the expiration date. A purchase or sale of futures on a security gives the trader essentially the same price exposure as a purchase or sale of the security itself.

The Scheme buys shares of XYZ Ltd. Its current price is Rs. 1000. The Scheme sells one month futures on the shares of XYZ Ltd at Rs 1050. If the price of the stock declines, the Mutual Fund will suffer losses on the stock position held and profit on futures position. The price of stock on the expiry date is Rs 950. The price of the futures on the stock declines to Rs 950. There is a loss of Rs. 50 per share on the holding of the stock. This is offset by profit of Rs 100 on the short position in stock futures. Basically, Fund locks in a profit of Rs. 50, if both the positions are held till expiry.

Strategies that employ Stock specific futures and their objectives:

Individual stock futures are also available in the Indian Equity Markets. Stock futures trade either at a premium or at discount to the spot prices; the level of premium generally reflects the cost of carry. Stock specific issues may have a bearing on futures as speculators may find futures as a cost-effective way of executing their view on the stock. However such executions usually increase the premium/discount to the spot significantly, thereby giving rise to arbitrage opportunities for a fund.

(a) Selling spot and buying future :

In case the fund holds the stock of a company at say Rs. 500 while in the futures market it trades at a discount to the spot price say at Rs. 480 then the fund may sell the stock and buy the futures. On the date of expiry of the stock future, the fund may reverse the transactions (i.e. Buying at Spot & Selling futures) and earn a risk-free Rs.20/- (4% absolute) on its holdings. As this can be without any dilution of the view of the fund on the underlying stock the fund can still benefit from any movement of the price in the northward direction, i.e. if on the date of expiry of the futures, if the stock trades at Rs. 530 which would be the price of the futures too, the fund will have a benefit of Rs. 30 /- whereby the fund gets the 6% upside movement together with the 4% benefit on the arbitrage, and thus getting a total return of 10%

Risk associated with this strategy:

- Lack of opportunities available in the market
- Risk of mispricing or improper valuation
- Inability of the derivatives to correlate perfectly with underlying security
- Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

(b) Buying spot and selling future:

Where the stock of a company is trading in the spot market at Rs 1000 while the futures trades at Rs. 1020/- in the futures market then fund may buy the stock at spot and sell in the futures market thereby earning Rs. 20. In case of adequacy of cash with the fund, this strategy may be used to enhance returns of the Scheme which was otherwise sitting on cash.

Risk associated with this strategy:

- Lack of opportunities available in the market
- Risk of mispricing or improper valuation
- Inability of the derivatives to correlate perfectly with underlying security
- Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

(c) Buying stock future:

Where the scheme wants to initiate a long position in a stock whose spot price is at say, Rs.1000 and futures is at

Rs. 980, then the fund may just buy the futures contract instead of the spot thereby benefiting from a lower cost.

Risk associated with this strategy:

- Lack of opportunities available in the market
- Risk of mispricing or improper valuation
- Inability of the derivatives to correlate perfectly with underlying security
- Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

Options:

An option gives the owner the right but not the obligation to buy or sell the underlying asset at particular price and for a specified period of time. The option will be exercised if the outcome is favourable to the owner. A call option gives the owner a right but not the obligation to buy the underlying asset at a predetermined price on a pre-specified date. A put option gives the owner the right but not the obligation to sell a security at a predetermined price on a pre-specified date. For an option buyer, Risk is limited (or known) to premium paid on call or put options. . If options are sold, the risk is unlimited (or unknown). The risk of the unknown can be mitigated by staying covered, using covered calls or bull/bear spread, to name a few strategies.

Mainly there are two type of options; American and European. Options that can be exercised on or before the expiration date are called American Options, while those that can be exercised only on the expiration date are called European Options. In India, till recently, Index options were European and Stock options were American. However off-late, Exchanges have shifted options on individual stocks from American to European. Option contracts are designated by the type of option, name of the underlying, expiry month and the strike price. Thus options can be used to earn less volatile returns, earn the premium or use for hedging purposes etc.

Strategies that use Options and the objectives of such strategies:

Illustrations of strategies using Options

- a) **Call Option (Buy):** The fund buys a call option at the strike price of say Rs.1000 and pays a premium of say Rs. 50, the fund would earn profits if the market price of the stock at the time of expiry of the option is more than Rs. 1050 being the total of the strike price and the premium thereon. If on the date of expiry of the option the stock price is below Rs 1000, the fund will not exercise the option and it loses the premium of Rs 50. The maximum loss in such a strategy is limited to the option premium, while upside potential is theoretically unlimited

Risk associated with this strategy:

- Lack of opportunities available in the market
- Inability of the derivatives to correlate perfectly with underlying security
- Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

- b) **Put Option (Buy):** The fund buys a Put Option at Rs 1000 with the underlying security trading at Rs. 1000 by paying a premium of say Rs. 50. If the stock price goes down to Rs. 900, the fund would protect its downside and would only have to bear the premium of Rs 50 instead of a loss of Rs 100 whereas if the stock price moves up to say Rs.1100 the fund may let the Option expire and forego the premium thereby capturing Rs. 100 upside in the underlying security held by the Fund.

Risk associated with this strategy:

- Lack of opportunities available in the market
- Inability of the derivatives to correlate perfectly with underlying security
- Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

- c) **Writing a Call Option*:** The fund writes a call option at Rs. 1050 and earn a premium of, say, Rs. 10. If the price is higher than Rs. 1050, say Rs.1100/- at expiry then the option is exercised, the Fund earns the premium of Rs. 10/- but loses the difference between the market price and the exercise price i.e. Rs. 50/-. In case the stock price is less than Rs.1050, the fund gets to keep the premium of Rs.10/-
- d) **Writing a Put Option*:** The fund writes a put option with the strike price of Rs1000 and earns a premium of say Rs 20. In case the stock trades at Rs 950 the put option will be exercised, the fund will earn the premium of Rs.20/- but losses the difference between the exercise price and the market price which is Rs.50/-. Where the stock trades at above the exercise price, the option-holder will not exercise the option and let it expire. In this case the fund will earn the premium income of Rs. 20.

The above four option positions can be initiated in both index based options as well as stock specific options.

Risk associated with this strategy:

- Lack of opportunities available in the market
- Inability of the derivatives to correlate perfectly with underlying security
- Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

***Under extant SEBI Guidelines a Mutual Fund cannot write options. If and when SEBI permits writing options, Investment Manager shall utilize the same to enhance investor interest.**

Any Notifications, Guidelines and circulars introduced by SEBI on derivatives from time to time shall automatically apply and forms part of the Scheme Information Documents

Portfolio Turnover

Portfolio turnover is the aggregate volume of purchases and sales as a percentage of the corpus of the Scheme during a specified period of time. The portfolio turnover in the Scheme will be a function of inflows, outflows as well as market opportunities available to the Fund Manager. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolios. It will be the endeavor of the Fund Manager to keep the portfolio turnover rates as low as possible. Active asset allocation would impact portfolio turnover. There may be trading opportunities that present themselves from time to time, where in the opinion of the fund manager, there is an opportunity to enhance the total returns of the portfolio. The fund manager will endeavor to balance the increased cost on account of higher portfolio turnover, if any, with benefits likely to be derived from such an approach.

Borrowing & Lending by the Fund

The Scheme may borrow monies to meet temporary liquidity requirements for the purpose of repurchase or redemption of Units or the payment of interest or dividend to the Unit holders. However, such borrowing shall be restricted to 20% of the net assets of the Scheme and for a maximum period of six months. The limit of 20% may be revised by the Fund and to the extent the Regulations may permit.

The Fund may raise such borrowings, secured or unsecured, from any person or entity as it may deem fit, including Sponsor or Shareholders of any of their associate / group / affiliate entities or banks, after approval by the Trustee, at market related rates.

Stock Lending by the Fund

Stock Lending involves lending of securities to another person or entity for a fixed period of time, at a negotiated compensation in order to enhance returns of the portfolio. The Trustee may permit the Fund to engage in Stock Lending only if permitted under and in line with the prevailing securities lending Regulations. The Fund can temporarily lend, through an approved intermediary, securities held by the Scheme to reputed counterparties, for a fee, subject to internal norms, if any. This would enable generating better returns on those securities, which are

otherwise bought with the intention of holding the same for a longer period of time. The securities lent will be returned by the borrower on the expiry of the stipulated period or the lender can call the same back before its expiry.

The AMC will follow regulatory restrictions as may be prescribed in carrying on the activities of Stock lending. Such lent stock, while they are on-lending, will not be available for sale, and this can result in temporary illiquidity.

The Fund Manager may engage in Stock Lending as per following limits:

- Not more than 20% of the net assets of the Scheme can generally be deployed in Stock Lending.
- Not more than 5% of the net assets of the Scheme can generally be deployed in Stock Lending to any single counter party.

INVESTMENT BY THE AMC IN THE SCHEME

Subject to the Regulations, the AMC may invest either directly or indirectly, in the Scheme during the NFO and/or Ongoing Offer Period. However, the AMC shall not charge any investment management fee on such investment in the Scheme.

DEBT AND MONEY MARKETS IN INDIA

The Indian debt market is today one of the largest in Asia and includes securities issued by the Government (Central & State Governments), public sector undertakings, other government bodies, financial institutions, banks and corporate. Government and public sector enterprises are the predominant borrowers in the markets. Securities in the debt market typically vary based on their tenure and rating. The major players in the Indian debt markets today are banks, financial institutions, mutual funds, insurance companies, primary dealers, trusts, pension funds and corporate. The Indian debt market is the largest segment of the Indian financial markets. The debt market comprises broadly two segments, viz. Government Securities market or G-Sec market and corporate debt market. The latter is further classified as market for PSU bonds and private sector bonds.

The Government Securities market is the oldest and the largest component of the Indian debt market in terms of market capitalization, outstanding securities and trading volumes. The G-Sec market plays a vital role in the Indian economy as it provides the benchmark for determining the level of interest rates in the country through the yields on the Government Securities which are referred to as the risk-free rate of return in any economy. Over the years, there have been new products introduced by the RBI like zero coupon bonds, floating rate bonds, inflation indexed bonds, etc. The corporate bond market, in the sense of private corporate sector raising debt through public issuance in capital market, is only an insignificant part of the Indian Debt Market. A large part of the issuance in the non-Government debt market is currently on private placement basis.

The money markets in India essentially consist of the call money market (i.e. market for overnight and term money between banks and institutions), reverse repo transactions (temporary sale with an agreement to buy back the securities at a future date at a specified price), commercial papers (CPs, short term unsecured promissory notes, generally issued by corporate), certificate of deposits (CDs, issued by banks) and Treasury Bills (issued by RBI) and similar securities. In a predominantly institutional market, the key money market players are banks, financial institutions, insurance companies, mutual funds, primary dealers and corporate. In money market, activity levels of the Government and non government debt vary from time to time.

Apart from these, there are some other options available for short tenure investments that include MIBOR linked debentures with periodic exit options and other such instruments. PSU / DFI / Corporate paper with a residual maturity of less than 1 year are actively traded and offer a viable investment option.

Following table exhibits various debt instruments along with current yields as on June 26, 2018.

Instrument	Yield Range (% per annum)
CBLO	6.10%
Repo	6.25%
91 days T-Bill	6.45-6.50%
364 days T-Bill	7.05-7.10%
1 month CD/CP	7.05-7.10%
3 month CD/CP	6.90-6.95%
6 month CD/CP	7.35-7.40%
1 year CD/CP	8.05-8.10%
1 year Corporate Bond – AAA Rated	8.25-8.30%
3 year Corporate Bond – AAA Rated	8.55-8.60%
5 year Corporate Bond – AAA Rated	8.65-8.70%
5 year G-sec	7.90-7.95%
10 year G-sec	7.85-7.90%

These yields are indicative and do not indicate yields that may be obtained in future as interest rates keep changing consequent to changes in macro economic conditions and RBI policy. The price and yield on various debt instruments fluctuate from time to time depending upon the macro economic situation, inflation rate, overall liquidity position, foreign exchange scenario etc. Also, the price and yield vary according to maturity profile, credit risk etc.

F. FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the Scheme, in terms of Regulation 18(15A) of the Regulations:

(i) Type of Scheme – Please refer Section ‘HIGHLIGHTS/ SUMMARY OF THE SCHEMES’.

(ii) Investment Objective – Please refer Section ‘HIGHLIGHTS/ SUMMARY OF THE SCHEMES’.

Investment Pattern:

The details of Investment Pattern are mentioned in para C “How will the Scheme Allocate its Assets” under Section III titled “Information about the Scheme”.

(iii) Terms of Issue

Terms of Issue relating to listing, repurchase, redemption, fees and expenses, and Annual Scheme Recurring Expenses (as % of daily average net assets) are detailed in Section IV titled “Units and Offer” and Section V titled “Fees and Expenses”.

The Trustee will ensure that no change in the Fundamental Attributes of the Scheme or the Trust or fees and expenses payable or any other change which would modify the Scheme and Plans/Options thereunder and affect the interest of the Unit holders is carried out unless:

a. a written communication about the proposed change is sent to each Unit holder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the head office of the Mutual Fund is situated; and

b. the Unit holders are given an option for a period of 30 days to exit at the prevailing NAV without any Exit Load.

However, changes/ modifications to the Scheme made in order to comply with Regulations or any change therein will not constitute change in Fundamental Attributes.

G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Nifty 50 TRI

The Scheme's performance would be benchmarked against Nifty 50 TRI. The Nifty 50 TRI is a well diversified 50 stock index accounting for 13 sectors of the economy. It is the most popular and widely followed benchmark to track the performance of the equity market in India. Being a diversified index, it is consistent with the investment objective of the Scheme.

The AMC and the Trustee may mutually agree to change the benchmark index or select an additional benchmark index after recording reasons for such change and by following required regulatory process.

I. WHAT ARE THE INVESTMENT RESTRICTIONS?

Investment restrictions as contained in the SEBI (MF) Regulations specifically in the Seventh Schedule of the Regulations including any amendments thereto and SEBI circulars issued from time to time and as applicable to the Scheme are provided below:

- 1) The Mutual Fund under all its Scheme(s) shall not own more than 10% of any company's paid up capital carrying voting rights.
- 2) The Scheme shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities and shall in no case put itself in a position whereby it has to make short sale or carry forward transaction or engage in badla finance (except as permitted under the extant regulations, from time to time).

Provide that the Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI.

Provided further that the sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the RBI in this regard.

- 3) The Scheme shall not invest more than 10% of its net assets in equity shares or equity related instruments of any company.
- 4) The Scheme shall not invest more than 5% of its net assets in unlisted equity shares or equity related instruments.
- 5) A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company:

Provided that such limit shall not be applicable for investments in government securities, treasury bills and collateralized borrowing and lending obligations.

Provided further that investment within such limit can be made in mortgaged backed securitised debts which are rated not below investment grade by a credit rating agency registered with the Board.

- 6) The Scheme shall not invest more than 10% of its NAV in unrated debt instruments issued by a single issuer and the total investment in such instruments shall not exceed 25% of the NAV of the Scheme. All such investments shall be made with the prior approval of the Board of Trustee and Board of AMC.
- 7) Till the regulations so require, the Scheme shall not make any investment in:
 - (a) any unlisted security of an associate or group company of the sponsor; or
 - (b) any security issued by way of private placement by an associate or group company of the sponsor; or
 - (c) the listed securities of group companies of the sponsor which is in excess of 25% of the net assets.
- 8) Transfer of investments from one Scheme to another Scheme in the same Mutual Fund is permitted provided:
 - (a) such transfers are done at the prevailing market price for quoted instruments on a spot basis ("spot basis" shall have the same meaning as specified by a Stock Exchange for spot transactions);
 - (b) the securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.
- 9) The Scheme may invest in other Scheme under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-scheme investment made by all the Schemes under the same management or in Schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund. Provided that this clause shall not apply to any Fund of Funds scheme.
- 10) The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
- 11) The Fund may buy and sell securities on the basis of deliveries and will not make any short sales or engage in carry forward transactions except as and when permitted by the RBI in this regard (for example "when issued market" transactions).
- 12) All the Scheme's investments will be in transferable securities or bank deposits or in money at call or any such facility provided by RBI in lieu of call.
- 13) No loans for any purpose can be advanced by the Scheme.

- 14) The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/redemption of units or payment of interest and/or dividend to the Unitholders, provided that the Fund shall not borrow more than 20% of the net assets of the individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.
- 15) The scheme shall not make any investment in a Fund of Funds scheme.
- 16) Pending deployment of the funds of the Scheme in securities in terms of the investment objective of the Scheme, the Mutual Fund may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the following guidelines issued by SEBI vide its circular dated April 16, 2007 as may be amended from time to time:
 - i. "Short Term" for such parking of funds by the Scheme shall be treated as a period not exceeding 91 days. Such short-term deposits shall be held in the name of the Scheme.
 - ii. The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
 - iii. Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
 - iv. The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - v. The Scheme shall not park funds in short term deposit of a bank which has invested in that Scheme.
 - vi. The above norms do not apply to term deposits placed as margins for trading in cash and derivatives market.

17) Limitations and restrictions for investments in derivatives

SEBI has vide its circular DNP/Cir-29/2005 dated September 14, 2005 inter alia specified the guidelines pertaining to trading by Mutual Funds in Exchange Traded derivatives. The position limits have subsequently been modified vide circulars inter alia including circular no. DNP/Cir-30/2006 dated January 20, 2006 and circular no. SEBI/DNP/Cir-31/2006 dated September 22, 2006.

All derivative position taken in the portfolio would be guided by the following principles.

i. Position limit for the Mutual Fund in index options contracts

- a. The Mutual Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.
- b. This limit would be applicable on open positions in all options contracts on a particular underlying index.

ii. Position limit for the Mutual Fund in index futures contracts:

- a. The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
- b. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

iii. Additional position limit for hedging

In addition to the position limits at point (i) and (ii) above, the Mutual Fund may take exposure in equity index derivatives subject to the following limits:

1. Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
2. Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.

iv. Position limit for Mutual Fund for stock based derivative contracts

The Mutual Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts, is defined in the following manner:-

1. The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL)

v. Position limit for each scheme of a Mutual Fund

The scheme-wise position limit / disclosure requirements shall be –

1. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:
1% of the free float market capitalisation (in terms of number of shares) or 5% of the open interest in the derivative contract on a particular underlying stock (in terms of number of contracts).
2. This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.
3. For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

Exposure limits for the Scheme:

In accordance with SEBI Circular No. Cir/ IMD/ DF/ 11/ 2010 dated August 18, 2010, the following exposure limits for investment in derivatives will be applicable to the Scheme:

1. The cumulative gross exposure through equity, debt and derivative positions shall not exceed 100% of the net assets of the Scheme. However, cash or cash equivalents with residual maturity of less than 91 days shall be treated as not creating any exposure.
2. The Scheme shall not write options or purchase instruments with embedded written options.
3. The total exposure related to option premium paid shall not exceed 20% of the net assets of the Scheme.
4. Exposure due to hedging positions shall not be included in the above mentioned limits subject to the following:
 - a. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
 - b. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall be added and treated under limits mentioned in point 1 above.
 - c. Any derivative instrument used to hedge shall have the same underlying security as the existing position being hedged.
 - d. The quantity of underlying associated with the derivative position taken for hedging purposes shall not exceed the quantity of the existing position against which hedge has been taken.
5. The Scheme may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions shall have to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases shall not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions shall not exceed 10% of the net assets of the scheme.
6. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated as exposure for the limit mentioned in point 1 above.

7. Definition of Exposure in case of Derivative Positions:

Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option Premium Paid * Lot Size * Number of Contracts

The Scheme will comply with the other Regulations applicable to the investments of Mutual Funds from time to time. Apart from the Investment Restrictions prescribed under the Regulations, internal risk parameters for limiting exposure to a particular scrip or sector may be prescribed from time to time to respond to the dynamic market conditions and market opportunities.

The AMC/Trustee may alter these above stated restrictions from time to time to the extent the Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective.

All investment restrictions shall be applicable at the time of making investment.

Various Options:

Growth option
No dividends will be declared under this option. The income earned under this option will get accumulated as capital accretion and will continue to remain invested in the Scheme and will be reflected in the NAV of the Units held under this option.

Dividend option
Dividends will be declared under this Option at the discretion of the Trustee, subject to availability of distributable surplus calculated in accordance with SEBI (MF) Regulations. Dividends, if declared will be paid to those unitholders whose names appear in the register of unitholders on the notified record date.
There is no assurance or guarantee to the unitholders as to the rate of dividend distribution nor that dividends be declared regularly.

Pursuant to payment of dividend, the NAV of the Dividend Option will fall to the extent of the dividend payout and applicable statutory levies, if any.

Facilities under the Dividend Option:

Dividend Payout Facility
Under this facility, dividend declared, if any, will be paid (subject to deduction of dividend distribution tax and statutory levy, if any) to those unitholders, whose names appear in the register of unitholders on the notified record date.

Dividend Reinvestment Facility
Under this facility, the dividend due and payable to the unitholders will be compulsorily and without any further act by the unitholder, reinvested in the respective Dividend Option at a price based on the prevailing Net Asset Value per unit on the record date (at the applicable ex-dividend NAV).

The amount of dividend re-invested will be net of tax deducted at source, wherever applicable. On reinvestment of dividends, the number of units to the credit of the unitholder’s account will increase to the extent of the dividend reinvested divided by the Applicable NAV. There shall, however, be no load on the dividends so reinvested.

	<p>The AMC, in consultation with the Trustee reserves the right to discontinue/ add more options/ facilities at a later date subject to complying with the prevailing SEBI guidelines and Regulations.</p>
<p>Dividend Policy</p>	<p>The Trustee will endeavour to declare dividend under the Dividend Option, subject to availability of distributable surplus calculated in accordance with the Regulations.</p> <p>Dividend distribution procedure: Pursuant to SEBI circular no. SEBI/IMD/CIR No. 1/64057/06, dated April 4, 2006, the procedure for dividend distribution will be as follows:</p> <ol style="list-style-type: none"> 1. Quantum of dividend and record date shall be fixed by the Board of Trustees. Dividend so decided shall be paid, subject to availability of distributable surplus as on the date of declaration of dividend. 2. Within 1 calendar day of the decision by the Board of Trustees, the AMC shall issue notice to the public communicating the decision about the Dividend including the record date, in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where Head Office of the Mutual Fund is situated. 3. Record date shall be the date, which will be considered for the purpose of determining the eligibility of investors whose name appear on the register of unit holders for receiving dividends. The Record Date will be 5 calendar days from the date of issue of notice. 4. The NAV will be adjusted to the extent of Dividend distribution and statutory levy, if any at the close of business hours on record date. 5. Before the issue of such notice, no communication indicating the probable date of dividend declaration in any manner whatsoever will be issued by the Mutual Fund. <p>Even though the asset portfolio will be common, the NAVs of the growth option and dividend option in the Scheme will be distinctly different after declaration of the first dividend to the extent of distributed income, applicable tax and statutory levy, if any, and expenses relating to the distribution of the dividends.</p>
<p>Allotment</p>	<p>Investors may apply for Units by filling up an Application Form. All valid and complete applications will be allotted Units at the Applicable NAV for the application amount.</p> <p>The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 Business Days from the receipt of valid application/transaction. Allotment confirmation shall be sent to the Unit holder's registered e-mail address and/ or mobile number.</p>

D. COMPUTATION OF NAV

The Net Asset Value (NAV) of a mutual fund is the price at which units of a mutual fund are bought or sold. It is the market value of the fund after deducting its liabilities. The value of all units of a mutual fund portfolio are calculated on a daily basis, from this all expenses are then subtracted. The result is then divided by the total number of units the resultant value is the NAV. NAV is also sometimes referred to as Net Book Value or book Value.

Calculation of NAV Mutual fund assets usually fall under two categories – securities & cash. Securities, here, include both bonds and stocks. Therefore, the total asset value of a fund will include its stocks, cash and bonds at

market value. Dividends and interest accrued and liquid assets are also included in total assets. Also, liabilities like money owed to creditors, and other expenses accrued are also included.

The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time.

Formula to calculate Net Asset Value (NAV) = (Assets – Debts) / (Number of Outstanding units)

Here: Assets = Market value of mutual fund investments + Receivables + Accrued Income

Debts = Liabilities + Expenses (accrued) the market value of the stocks & debentures.

The NAV shall be calculated up to two decimal places. However the AMC reserves the right to declare the NAVs up to additional decimal places as it deems appropriate. Separate NAV will be calculated and disclosed for each Option. The NAVs of the Growth Option and the Dividend Option will be different after the declaration of the first dividend.

The AMC will calculate and disclose the first NAV of the Scheme within a period of 5 business days from the date of allotment. Subsequently, the NAVs will be calculated for all the Business Days.

Rounding off policy for NAV:

For this Scheme, NAV will be declared upto two decimal places & the second decimal will be rounded off to the next higher digit if the third decimal is or more than 5 i.e., if the NAV is 10.137 it will be rounded off to 10.14.

However, there can be no assurance that the investment objective of the scheme will be achieved.

Sale Price:

Sale price is a price at which the fund house sells / offers mutual fund units to investors; this is nothing but the NAV of the respective Scheme of Mutual Fund. For investor who wants to invest in Mutual Fund, the units are offered at NAV of the respective Scheme of Mutual Fund.

For Example – If investor A wants to invest Rs. 5,000/- in XYZ Scheme of Mutual Fund. The NAV of Mutual Fund Scheme XYZ is Rs. 15 per unit. Investor’s Investments & Mutual Fund unit allocation in Scheme XYZ is calculated as follows:-

$$\begin{aligned} \text{Investment of Investor A} &= \text{Investment Amount} / \text{Sale Price} \\ &= 5,000 / 15 \\ &= 333.3333 \text{ units} \end{aligned}$$

This means investor A will be allocated **333.3333 units** of Mutual Fund Scheme XYZ.

Repurchase Price:

Repurchase price is a price at which fund house repurchases the mutual fund units back from the investor. For investor who wants to redeem his mutual fund units, the units are repurchased at respective scheme NAV less Exit Load (If Applicable)

For Example - If Mutual Fund Scheme XYZ is having NAV of Rs. 15 & Exit Load of 1% then the repurchase price would be calculated as follow:

$$\begin{aligned} \text{Repurchase Price} &= \text{NAV} * (1 - \text{Exit Load \%}) \\ &= 15 * (1 - 0.01) \\ &= 14.8500 \end{aligned}$$

This means the investor will realise **Rs. 14.8500** per unit if he redeems from Mutual Fund Scheme XYZ. In case of no exit load the NAV & repurchase price are same.

IV. FEES AND EXPENSES

This section outlines the expenses that will be charged to the Scheme.

A. NEW FUND OFFER (NFO) EXPENSES

This section is not applicable.

B. ANNUAL SCHEME RECURRING EXPENSES

As per the SEBI Regulations, the following fees and expenses can be charged to the Scheme. Where the total sum of the investment management fee and advisory fee, and recurring expenses charged to the Scheme shall not exceed 2.50% of the daily net assets of the Scheme per annum as given in the table below.

Additional expenses under regulation 52 (6A) (c)	Upto 0.20%
Additional expenses for gross new inflows from specified cities**	Upto 0.30%

* The AMC may charge expenses under any one or more of the expense heads mentioned from (a) to (n) above subject to the maximum total expense ratio permissible under Regulation 52(6) (c) (i) and 52(6) (a).

These estimates have been made in good faith as per the information available and estimates made by the Investment Manager/ AMC and are subject to change inter-se or in total subject to prevailing SEBI Regulations. The AMC may incur actual expenses which may be more or less than those estimated above under any head and/or in total and may charge expenses under any of the different heads given under Regulation 52(2) & 52(4) of the SEBI (MF) Regulations (hereinafter called as SEBI Regulations). These expenses shall be subject to the maximum ceiling under the SEBI Regulations. Types of expenses charged shall be as per the SEBI Regulations.

As per Regulation 52(6) of the SEBI Regulations, the maximum recurring expenses (including the Investment Management and Advisory Fees) that can be charged to the respective schemes shall be subject to the percentage limit of daily net assets as given below:

- On the first Rs. 100 crores of the daily net assets – 2.50%
- On the next Rs. 300 crores of the daily net assets – 2.25%
- On the next Rs. 300 crores of the daily net assets – 2.00%
- On the balance of the assets – 1.75%

In addition to the limits specified above, as per Regulation 52(6A) of the SEBI Regulations, the following costs or expenses may be charged to the scheme, namely-

- (a) brokerage and transaction costs which are incurred for the purpose of execution of trade and is included in the cost of investment, not exceeding 0.12 per cent in case of cash market transactions and 0.05 per cent in case of derivatives transactions;
- (b) expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from beyond top 30 cities are at least-
 - (i) 30 per cent of gross new inflows in the scheme, or;
 - (ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from beyond top 30 cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis as per below formula:

$$\frac{\text{Daily net assets} \times 30 \text{ basis points} \times \text{New inflows from beyond top 30 cities}}{365 \times \text{Higher of (a) or (b) above}}$$

* 366, wherever applicable.

Provided further that expenses charged under this clause shall be utilized for distribution expenses incurred for bringing inflows from such cities:

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case, the said inflows are redeemed within a period of one year from the date of investment;

The top 30 cities shall mean top 30 cities based on AMFI data on 'AUM by Geography – Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

(c) Additional expenses, not exceeding 0.20 per cent of daily net assets of the scheme, incurred towards different heads mentioned under Regulations 52(2) and 52(4) of the SEBI Regulations. The AMC shall not be eligible to charge the aforementioned additional expenses, wherein exit load is not levied / not applicable in the scheme.

Subject to the SEBI Regulations and this document, expenses over and above the prescribed ceiling will be borne by AMC. The AMC may charge the Mutual Fund with investment and advisory fee as prescribed in the SEBI Regulations from time to time and as permitted by the Investment Management Agreement.

The Direct Plan shall have lower expense ratio compared to the Existing Plan and no commission shall be paid out of the Direct Plan.

The current expense ratios will be updated on the AMC website viz. www.indiabullsamc.com on daily basis under a separate head 'Total Expense Ratio of Mutual Fund Schemes' in a downloadable spreadsheet format. Any change in the base TER (i.e. TER excluding additional expenses provided in Regulation 52(6A)(b) and 52(6A)(c) of SEBI (Mutual Funds) Regulations, 1996) in comparison to previous base TER charged to the scheme shall be communicated to investors of the scheme through notice via email or SMS at least three working days prior to effecting such change.

Provisions Relating to GST:

1. **GST** on investment and advisory fees shall be charged to the scheme in addition to the maximum limit of TER as prescribed in Regulation 52 of the SEBI Regulations.
2. **GST** on other than investment and advisory fees, if any, shall be charged to the scheme within the maximum limit of TER as per Regulation 52 of the SEBI Regulations.
3. **GST** on exit load, if any, shall be paid out of the exit load proceeds and exit load net of GST, if any, shall be credited to the scheme.
4. **GST** on brokerage and transaction cost paid for asset purchases, if any, shall be charged within the limit prescribed under Regulation 52 of the SEBI Regulations.

Illustration of impact of expense ratio on scheme's returns

For any scheme, NAV is computed on a daily basis factoring in all the assets as well as liabilities of the scheme (including expenses charged). Expenses charged to the scheme bring down its NAV and hence the investor's net returns on a corresponding basis.

Illustration:

If the scheme's gross of expenses NAV goes up by 15% over 1 year (for example from 10 to 11.5), and the expense charged for the scheme over that year is 2% of the initial NAV (0.2), the NAV of scheme (net of expenses) at the end of 1 year will come down to 11.3 (11.5 less 0.2) and therefore the net of expenses return for the investor will be 13%.

C. LOAD STRUCTURE

Load is an amount which is presently paid by the investor to redeem the Units from the Scheme. This amount is used by the AMC to pay commissions to the distributors and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, investors may refer to the website of the AMC (www.indiabullsamc.com) or may call at 1-800-200-7777 (*toll free no.*) or you can contact your distributor.

Type of Load i.e. Load Chargeable (as %age of NAV)

Name of the Schemes	Entry Load #	Exit Load*
Indiabulls Blue Chip Fund	Not Applicable	<ul style="list-style-type: none"> • 1% if redeemed/ switched out within one year from the date of allotment, • Nil - if redeemed/ switched out after one year from the date of allotment

#Pursuant to SEBI Circular No. SEBI/IMD/CIR No. 4/ 168230/09 dated June 30, 2009, no entry load will be charged for purchase/ additional purchase/switch in/ SIP/ STP transactions accepted by the Fund. The upfront

commission on investment made by the investor, if any, shall be paid to the ARN Holder directly by the investor, based on the investor's assessment of various factors including service rendered by the ARN Holder.

The above mentioned load structure shall be equally applicable to the special products such as SIP, STP, SWP, switches, etc. offered by the AMC. However, no load shall be imposed for switching between Options within the Scheme. Further the AMC shall not charge any load on issue of bonus units and units allotted on reinvestment of dividend for existing as well as prospective investors.

Transaction Charges

In accordance with SEBI Circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011 the following are the terms and conditions relating to Transaction Charges:

1. The Distributor (**who has opted in based on type of product**) would be allowed to charge the Mutual Fund Investor a Transaction Charge where the amount of investment is Rs. 10,000/- and above per subscription.
2. For existing investors in a Mutual Fund, the Transaction Charge allowed will be Rs. 100/- per subscription of Rs. 10,000/- and above.
For a first-time investor in a Mutual Fund, the Transaction Charge allowed will be Rs. 150/- per subscription of Rs. 10,000/- and above.
3. The Transaction Charge, where applicable based on the above criteria, will be deducted by the AMC from the subscription amount remitted by the Investor and paid to the distributor; and the balance (net) amount will be invested in the Scheme. Thus units will be allotted against the net investment.
4. In case of SIPs, the transaction charge shall be applicable only if the total commitment through SIPs amounts to Rs. 10,000/- and above. In such cases the transaction charge shall be recovered in 3 installments
5. No Transaction charges shall be levied:
 - a) Where the investor purchases the Units directly from the Mutual Fund.
 - b) Where the amount of investment is below Rs. 10,000/- per subscription.
 - c) On transactions other than purchases/ subscriptions relating to new inflows. Switch-in / Transfer / Transmission of units/Allotment of Bonus Units /Dividend reinvestment Units will not be considered as subscription for the purpose of levying the transaction charge.
6. The terms and conditions relating to transaction charges shall be part of the application form in bold print.
7. The statement of account shall clearly state that the net investment as gross subscription less transaction charge and give the number of units allotted against the net investment.

The transaction charges are in addition to the existing system of commission permissible to the Distributors. The transaction charges will be compliant with SEBI Circular, dated August 22, 2011

The Investor is requested to check the prevailing Load structure and Transaction charges of the Scheme before investing.

The AMC/Trustee reserve the right to change/ modify the Load structure / CDSC if it so deems fit, subject to SEBI Regulations. The AMC/Trustee may charge additional load/expense or any other charge (by whatever name called) to the Scheme/Unit Holders on a prospective basis, as may be permitted under the SEBI Regulations. Any imposition or enhancement in the Load shall be applicable on prospective investments only. At the time of changing the Load structure, the AMC shall follow the below mentioned measures to avoid complaints from investors about investment in the Scheme without knowing the Loads:

(i) The addendum detailing the changes shall be attached to the SID and Key Information Memorandum. The addendum shall be circulated to all the distributors/brokers so that the same can be attached to all SID and Key Information Memoranda already in stock. The addendum shall also be sent along with the newsletter sent to the Unit Holders immediately after the changes.

(ii) Arrangements shall be made to display the addendum to the SID in the form of a notice in all the ISCs and distributors/brokers office.

(iii) The introduction of the Load/ CDSC alongwith the details shall be stamped in the acknowledgement slip issued to the investors on submission of the Application Form and shall also be disclosed in the statement of accounts issued after the introduction of such Load/CDSC.

(iv) A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.

(v) Any other measure which the Mutual Fund may feel necessary.

The Redemption Price will not be lower than 93% of the applicable NAV and the sale price shall not be higher than 107% of the NAV and the difference between the repurchase price and sale price shall not exceed 7% on the sale price. Any enhancement or imposition of load in future shall be applicable on prospective investments only.
